DETAILED ACTION

This final office action is in response to the paper filed on 08/25/2006.

The amendments to the claims submitted on 08/25/2006 are acknowledged.

Claims 1, 2, 4-7, and 9-18 are pending. Claims 3 and 8 are cancelled. Claims 10-17 are withdrawn. Claims 1, 2, 4-7, 9 and 18 are under examination.

***All Objections and Rejections not present in this office action have been
withdrawn in view of the amendments***

New Rejections necessitated by amendments

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 1, 2, 4-7, 9 and 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, the preamble of the claim is confusing, and requires further amendments to improve the clarity of the claim. For example, the term "ABIN" should be placed in front of the full definition of the term, for the clarity purposes. Further, the term "NF-KB" should be uniform with the rest of the claims since other claims refer to "NF-κB."

Further, in claim 1, line 9, the phrase "said protein" should be replaced with "the SEQ ID NO:9" for the clarity purposes.

Claim 2 is redundant with claim 1, thus should be deleted.

Further, in the instant claims, Applicants refer to different proteins. For example, in claim 1 Applicants refer to "A20," and in claim 4 Applicants refer to "A20 polypeptide" and "said protein," therefore the claims should be amended to keep the same terms uniformly designated/named.

Claims 5-7, 9 and 18 are included in the rejection because they depend from rejected independent claim and do not cure the aforementioned deficiencies.

Conclusion

No claims are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1653

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
